MAXIMIZE SAFETY WITH CONFIDENCE

Safely control traffic through a work zone from inside the vehicle with Grote's largest LED Traffic Director. Measuring over 60" x 30", the XL model meets the most demanding highway arrow standards. Built from durable extruded aluminum, it resists warping and bending while offering versatile patterns and phase options.

FEATURES & BENEFITS

- The 26-module design, featuring a 10-head main body and 4-head arrow arms, ensures maximum visibility and directional clarity
- Operating modes include left arrow, right arrow, center-out, and warn (alternating flash)
- Front-load access allows for quick and easy replacement of individual heads
- The compact form factor reduces weight and wind resistance, making installation easier and improving vehicle performance
- Constructed from durable extruded aluminum that won't warp or bend
- Backed by a 5-year limited warranty for long-term reliability
